Citric Acid and Certain Citrate Salts from Canada: Preliminary Results of Antidumping Duty Administrative Review; 2011-2012

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce

**SUMMARY:** The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on citric acid and certain citrate salts (citric acid) from Canada. The period of review (POR) is May 1, 2011, through April 30, 2012. The review covers one producer and exporter of the subject merchandise, Jungbunzlauer Canada Inc. (JBL Canada). We have preliminarily determined that sales of subject merchandise have been made at prices below normal value (NV) by JBL Canada.

**DATES:** As of [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**FOR FURTHER INFORMATION CONTACT:** Rebecca Trainor or Katherine Johnson, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-4007 or (202) 482-4929, respectively.

**SUPPLEMENTARY INFORMATION:**

Scope of the Order

The merchandise covered by this order is citric acid and certain citrate salts. The product is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at item numbers 2918.14.0000 and 2918.15.1000, 2918.15.5000 and 3824.90.9290. Although the

HTSUS numbers are provided for convenience and customs purposes, the full written scope description, as published in the antidumping duty order<sup>1</sup> and described in the memorandum entitled “Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Citric Acid and Certain Citrate Salts from Canada” (Preliminary Decision Memorandum), remains dispositive.

### Methodology

The Department has conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Constructed export price (CEP) is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act. To determine the appropriate comparison method, the Department applied a “differential pricing” analysis and has preliminarily determined to use a combination of the average-to-average method and the average-to-transaction method in making comparisons of CEP and NV for JBL Canada. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum, which is hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit (CRU), room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://www.trade.gov/ia/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

### Preliminary Results of the Review

As a result of this review, we preliminarily determine that a dumping margin of 1.20 percent exists for JBL Canada for the period May 1, 2011, through April 30, 2012.

### Disclosure and Public Comment

briefs. The Department will issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

#### Assessment Rates

Upon completion of the administrative review, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212(b)(1). We intend to issue instructions to CBP 41 days after the date of publication of the final results of this review.

Although JBL Canada reported entered value for its U.S. sales, based on verification findings, we have determined it is appropriate to calculate importer-specific per-unit duty assessment rates.<sup>9</sup> We will calculate importer-specific per-unit duty assessment rates by aggregating the total amount of antidumping duties calculated for the examined sales and dividing this amount by the total quantity of those sales. To determine whether the duty assessment rates are de minimis, in accordance with the requirement set forth in 19 CFR 351.106(c)(1), we will calculate importer-specific ad valorem ratios based on the estimated entered value.

We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above de minimis. Where either the respondent's weighted-average dumping margin is zero or de minimis, or an importer-specific assessment rate is zero or de minimis, we will instruct

<sup>9</sup> See Memorandum entitled, "Preliminary Results Margin Calculation for Jungbunzlauer Canada Inc.," dated concurrently with this notice.

CBP to liquidate the appropriate entries without regard to antidumping duties.<sup>10</sup>

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.<sup>11</sup> Therefore, if we continue to calculate an antidumping duty margin for JBL Canada in the final results which is above de minimis, we will instruct CBP to assess antidumping duties on all appropriate entries covered by this review as discussed above. Conversely, if we calculate a de minimis margin for JBL Canada in the final results of this review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The Department clarified its “automatic assessment” regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the POR produced by JBL Canada for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).

#### Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: 1) the cash deposit rate for JBL Canada will be the rate established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, de minimis within the

<sup>11</sup> See section 751(a)(2)(C) of the Act.

meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; 2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; 3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and 4) the cash deposit rate for all other manufacturers or exporters will continue to be 23.21 percent, the all-others rate established in the original investigation. See Citric Acid Duty Orders. These requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).
